

Appendix G: Freight Project List  
SFY 2016-2020

As described in Chapter 8 of the Missouri State Freight Plan, The Decision-Making Process, a prioritization process is used to evaluate freight needs based on mode. Figure 8-2 depicts the freight project prioritization process. The process was modified in March 2015 to include Tiers 1-4 for highway projects to reflect the importance of agriculture to the Missouri economy and Missouri agribusiness' need for moving products from farm to market primarily on the Tier 4 system. Tables 8-1, 8-2, 8-3 and 8-4 identify the factors used in evaluation of all needs.

This addendum reflects a continuing emergence of new transportation infrastructure needs to support the movement of products into, within, and out of Missouri. Needs/projects listed are in addition to those identified in the Missouri State Freight Plan Appendix G and subsequent Addendums.

Any freight project identified and also funded is included in the Statewide Transportation Improvement Program (STIP).

<b>District</b>	<b>County</b>	<b>Route</b>	<b>Description</b>	<b>Cost Estimate (thousands)</b>	<b>Job Number</b>	<b>Program SFY</b>	<b>Freight Prioritization</b>
CD	Boone	B	Provide smoother pavement structure from Brown Station Road to the bridge over Loop 70.	1,557	5S3155	2017	VERY HIGH
CD	Boone	124	Provide smoother pavement structure from Rte. 63 to Rte. CC.	365	5S3161	2017	HIGH
CD	Boone	763	Provide smoother pavement structure in Columbia from Bus. 70 to Rte. 740.	1,958	5S3159	2017	VERY HIGH
CD	Callaway	H	Remove restrictions on bridge T0812 over Davis Creek.	695	5S3138	2017	VERY HIGH
